

KONSTANTINOS LOURDIS

SAP S/4HANA Utilities Consultant | SAP IS-U Billing Specialist | Digital Transformation & Financial Systems

Athens, Greece | +30 6980859327 | konstantinos@lourdis.gr | Greek Nationality | Date of Birth: 23 Oct 1992

EXECUTIVE PROFILE

SAP Utilities Consultant with 10+ years of experience delivering SAP ERP implementations, large-scale billing platforms and enterprise operational support across the energy, utilities and public sector domains.

Specialized in SAP IS-U Billing & Invoicing, Device Management and Energy Data Management within SAP S/4HANA and SAP R/3 landscapes. Proven ability to support mission-critical transactional systems in high-volume environments while coordinating business stakeholders, technical teams and delivery streams.

Additional experience supporting Financial Management Information Systems (FMIS) within the Greek Ministry of Finance environment, contributing to digital transformation initiatives, data-driven fiscal management and interoperability between government financial platforms.
